

Firewise Assessor Course Announcement

DESCRIPTION:

This 2-day course is designed for fire professionals and community members interested in becoming certified to assess and evaluate properties from a Firewise perspective. The course will teach individuals in wildfire ecology, property assessment and fire hazard mitigation tactics for property owners. The first day of the course is classroom based and the second day is a field day, where class will be evaluating properties. Participants will be required to come eager to learn as well as have long pants and closed toe shoes for the field day. If you have any questions about the course, please contact your district or state coordinator. At the end of the course, individuals will be certified to evaluate properties for Firewise and be registered with the Arizona State Forestry Division.

DATE: February 21 – February 22, 2015
