

 <p>ARIZONA STATE FORESTRY DIVISION</p> <p>STANDARD OPERATIONAL GUIDELINE</p>	<p>SECTION: 800</p> <p>TRAINING / QUALIFICATIONS</p>	<p>APPROVAL PARTY:</p> <p><u>/s/ Scott Hunt</u> STATE FORESTER</p>
	<p>SOG : 804</p> <p>MINIMUM EXPERIENCE REQUIREMENTS FOR RED CARD CERTIFICATION</p>	<p>EFFECTIVE DATE:</p> <p>May 6, 2013</p>
		<p>SUPERCEDES: FM Policy 25 Dated 11/22/05</p>

PURPOSE

The Arizona State Wildfire Qualifications Review Committee (Committee) is composed of Local Fire Department/District representatives from across the State of Arizona and of Arizona State Forestry Division personnel. This policy is established not only to clarify which NWCG Wildland Firefighter positions require review by the Committee but also to supplement the PMS 310-1 Wildland Fire Qualification Manual in establishing the minimum criteria required for certification as an Arizona State Forestry Division employee or as personnel operating within a Cooperative Fire Rate Agreement with the Arizona State Forestry Division.

Positions Reviewed by the Committee

The Committee reviews training files for Arizona State Forestry Division personnel and for personnel from Local Fire Departments/Districts operating under a Cooperative Fire Rate Agreement who are seeking certification in positions that have potential to supervise personnel from agencies other than their own. The table below identifies the positions in the wildland fire qualification system flow chart that require review by the committee. Committee approval must be obtained prior to initiating a task book for all positions that require review by the Committee. (Wildland fire qualification system flow chart - PMS 310-1; p172 <http://www.nwcg.gov/pms/docs/pms310-1.pdf>)

Wildland Fire Qualification System Section	Positions Reviewed by the Committee
Area Command	All positions are reviewed by the Committee
Command and General Staff	ICT4, ICT3, ICT2, ICT1 SOFR, SOF2, SOF1 PIO2, PIO1, LOFR
Prescribed Fire	All positions are reviewed by the Committee
Operations	CRWB, ENGB, HEQB, FELB, FIRB STCR, STEN, STEQ, CREP TFLD, DIVS, STPS OSC2, OPBD, OSC1
Planning	DMOB, DOCL, RESL, SITL, PSC2, PSC1 FOBS, FBAN, LTAN, SOPL
Logistics	COML, FACL, FDUL, GSUL, MEDL, SPUL LSC2, LSC1, SUBD, SVBD
Finance/Administration	COMP, COST, PROC, TIME, FSC2, FSC1
Dispatch	EDSP, CORD
Prevention and Investigation	No positions are reviewed by the Committee
Air Operations	HMGB, SEMG HEB2, HEB1, ASGS, AOBD HLCO, ATCO, ATGS * See Note Below

*** Certification for Air Operations positions are reviewed/approved only by the Arizona State Aviation Officer**

Positions Not Reviewed by the Committee

Both the Arizona State Forestry District Forester and the Local Fire Chief (or their training officers) from the Cooperative Fire Department/District have the authority to initiate, certify and approve qualifications for positions that are not reviewed by either the Committee or the State Aviation Officer. They are required, however, to adhere to the same criteria that are outlined in the PMS 310-1 and in this Policy #25 document. It is the local unit's responsibility to maintain training records for their wildland firefighters. When a candidate wishes to pursue a qualification that requires review by the committee, all of the supporting documentation for that position must be submitted to the Arizona State Training Specialist who will present the documentation to the Committee for their review.

For Example: When a wildland firefighter is requesting to initiate an Engine Boss, Single Resource Position Task Book for the first time, they must submit all the documentation that was required for each position leading up to the Single Resource Boss trainee position. The prerequisite positions, in this case, are FFT2 and FFT1. The documentation required is listed below.

- FFT2:
1. Training certificates for FFT2
 - Basic Wildland Firefighter (S-130/190, L-180, I-100) and IS-700
 2. Task Book pages for FFT2 task book (optional)
- FFT1(t): Firefighter Experience Records documenting 120 fireline hours (60 hotline) as a Qualified FFT2. Fireline hours must include assignments from a minimum of
- (2) Type 1, 2, or 3 incidents,
 - (3) Type 4 or 5 incidents,
 - Show work in timber, grass/desert/chaparral, & wildland/urban interface
- FFT1:
1. Training certificates for FFT1 (S-131, S-133)
 2. Task Book pages for FFT1 task book (title page, signed certification page, and task book evaluations (at least 3 evaluations from 3 different evaluators on three different incidents))
 3. Firefighter Experience Records documenting 120 fireline hours (60 hotline) as a FFT1 trainee (and showing work in at least 2 different fuel types)
- ENGB(t): Firefighter Experience Record documenting 60 fireline hours (30 hotline) as a Qualified FFT1. Fireline hours must include assignments from a minimum of:
- (2) Type 1,2, or 3 incidents,
 - (1) Type 4 or 5 incident
 - Show work in timber, grass/desert/chaparral & wildland/urban interface

NOTE: Once a person's file is reviewed (and approved) by the Committee for any qualification, their Wildland Qualification Card (Red Card) will be issued by the State of Arizona. Documentation for ALL qualifications, whether they are reviewed by the committee or not, must be submitted to the training specialist for them to be in ROSS and to be included on the state issued Red Card.

Supplemental Requirements in this Policy

The Arizona State Wildfire Qualifications Review Committee believes an evaluation of an individual's experience since the beginning of their career in wildland fire management, such as the number, variety and complexity of assignments, and diversity of training evaluators, is very important in determining whether an individual is fully prepared for wildland positions.

This policy is a supplement to the PMS 310-1 and should be referenced as such. It outlines specific supplemental criteria for several positions in the Wildland Fire Qualification System; including positions in the Operations, Command and General Staff, and Area Command sections. The requirements included in this policy provide the minimum standards required for the Committee to consider a request for certification. The Committee will make a recommendation of their findings to the State Forestry Fire Management Officer (FMO). The State FMO is the final authority regarding which qualifications will be included in IQS/ROSS and on the State issued Wildland Qualification Cards (Red Cards). The Committee will adhere to the requirements in the PMS 310-1 for all positions not included in this policy.

The remainder of this document is organized similarly to the PMS 310-1. Additional clarification is included, however, that identifies the specific experience that is required prior to initiating a new task book, and the experience that is required to complete that task book and gain full qualification. The requirements for positions not included in this policy can be located in the PMS 310-1. (<http://www.nwcg.gov/pms/docs/pms310-1.pdf>)

FIREFIGHTER TYPE 2 (FFT2)

Required Training

I-100 Introduction to ICS
L-180 Human Factors in the Wildland Fire Service (Included in S-130 curriculum)
S-130 Firefighter Training
S-190 Introduction to Wildland Fire Behavior
IS-700 NIMS: An Introduction
RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

None

Fitness Rating

Arduous

Experience

None

FFT2 Task Book Completion Requirements (FFT2 task book completion is optional).

1 Evaluator Completed during class

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

For the FFT2 position, satisfactory completion of the required training meets the position qualification requirements.

FIREFIGHTER TYPE 1 (FFT1)

Required Training

S-131 Firefighter Type 1
S-133 Look Up, Look Down, Look Around
RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

S-211 Portable Pumps & Water Use
S-212 Wildland Fire Chain Saws

Fitness Rating

Arduous

Experience required before starting FFT1 Task Book

120 Fireline hours (60 Hotline) as a **qualified** FFT2 to include the following assignments
2 Type 1, 2, or 3 Incidents
3 Type 4 or 5 Incidents
1 grass/desert/chaparral fuel type
1 timber fuel type
1 urban interface

FFT1 Experience & Task Book Completion Requirements

120 Fireline hours (60 Hotline) as FFT1 **trainee**.
3 different evaluators from
3 separate incidents
2 fuel types

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

Fireline Hours = Actual time on fireline (mop up or patrol of an ongoing incident; not travel or off duty time in camp).

Hotline Hours = Actual time on fireline **prior to containment** with active flame in the vicinity.

Twenty percent of the total required fireline hours (24 hours) may be from a controlled or prescribed fire project.

CREW BOSS, Single Resource (CRWB)

Required Training

- I-200 Basic ICS
- S-230 Crew Boss (Single Resource)
- S-290 [Intermediate Wildland Fire Behavior](#)
- RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

- L-280 Followership to Leadership
- S-234 [Ignition Operations](#)
- S-260 [Interagency Incident Business Management](#)
- S-270 Basic Air Operations

Fitness Rating

Arduous

Experience required before starting CRWB Task Book

60 Fireline hours (30 Hotline) as a **qualified** FFT1 to include the following assignments:

- 2 Type 1, 2, or 3 Incidents
- 1 Type 4 or 5 Incident
- 1 grass/desert/chaparral fuel type
- 1 timber fuel type
- 1 urban interface

CRWB Experience & Task Book Completion Requirements

- 120 Fireline hours (60 Hotline) as CRWB trainee
- 3 different evaluators from
- 3 separate incidents
- 2 fuel types

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

Fireline Hours = Actual time on fireline (mop up or patrol of an ongoing incident; not travel or off duty time in camp).

Hotline = Actual time on fireline **prior to containment** with active flame in the vicinity.

Twenty percent of the total required fireline hours may be from a controlled or prescribed fire project.

The Committee **strongly recommends** completing the classroom version of S-290.

The Committee **strongly recommends** completing S-234 & S-260 before requesting CRWB qualification.

ENGINE BOSS, Single Resource (ENGB)

Required Training

- I-200 Basic ICS
- S-230 Crew Boss (Single Resource)
- S-290 [Intermediate Wildland Fire Behavior](#)
- RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

- L-280 Followership to Leadership
- S-231 Engine Boss (Single Resource)
- S-234 [Ignition Operations](#)
- S-260 [Interagency Incident Business Management](#)
- S-270 Basic Air Operations

Fitness Rating

Arduous

Experience required before starting ENGB Task Book

- 60 Fireline hours (30 Hotline) as a **qualified** FFT1 to include the following assignments:
- 2 Type 1, 2, or 3 Incidents
- 1 Type 4 or 5 Incident
- 1 grass/desert/chaparral fuel type
- 1 timber fuel type
- 1 urban interface

ENGB Experience & Task Book Completion Requirements

- 120 Fireline Hours (60 hotline) as ENGB trainee.
- 3 different evaluators from
- 3 separate incidents
- 2 fuel types

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

Fireline Hours = Actual time on fireline (mop up or patrol of an ongoing incident; not travel or off duty time in camp).

Hotline = Actual time on fireline **prior to containment** with active flame in the vicinity.

Twenty percent of the total required fireline hours may be from a controlled or prescribed fire project.

The Committee **strongly recommends** completing the classroom version of S-290.

The Committee **strongly recommends** completing S-234 & S-260 before requesting ENGB qualification.

FIRING BOSS, Single Resource (FIRB)

Required Training

- I-200 Basic ICS
- S-230 Crew Boss (Single Resource)
- S-290 [Intermediate Wildland Fire Behavior](#)
- RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

- L-280 Followership to Leadership
- S-234 [Ignition Operations](#)
- S-260 [Interagency Incident Business Management](#)
- S-270 Basic Air Operations

Fitness Rating

Arduous

Experience required before starting FIRB Task Book

- 60 Fireline hours (30 Hotline) as a **qualified** FFT1 to include the following assignments:
- 2 Type 1, 2, or 3 Incidents
- 1 Type 4 or 5 Incident
- 1 grass/desert/chaparral fuel type
- 1 timber fuel type
- 1 urban interface

FIRB Experience & Task Book Completion Requirements

- 60 Fireline (30 Hotline) hours as FIRB trainee
- 3 different evaluators from
- 3 separate incidents
- 2 fuel types

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

Fireline Hours = Actual time on fireline (mop up or patrol of an ongoing incident; not travel or off duty time in camp).

Hotline = Actual time on fireline **prior to containment** with active flame in the vicinity.

Twenty percent of the total required fireline hours (12 hours) may be from a controlled or prescribed fire project.

The Committee **strongly recommends** completing the classroom version of S-290.

The Committee **strongly recommends** completing S-234 & S-260 before requesting FIRB qualification.

HEAVY EQUIPMENT BOSS, Single Resource (HEQB)

Required Training

- I-200 Basic ICS
- S-230 Crew Boss (Single Resource)
- S-290 [Intermediate Wildland Fire Behavior](#)
- RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

- L-280 Followership to Leadership
- S-232 Dozer Boss (Single Resource)
- S-234 [Ignition Operations](#)
- S-260 [Interagency Incident Business Management](#)
- S-270 Basic Air Operations

Fitness Rating

Arduous

Experience required before starting HEQB Task Book

60 Fireline hours (30 Hotline) as a **qualified** FFT1 to include the following assignments:

- 2 Type 1, 2, or 3 Incidents
- 1 Type 4 or 5 Incident
- 1 grass/desert/chaparral fuel type
- 1 timber fuel type
- 1 urban interface

HEQB Experience & Task Book Completion Requirements

- 60 Fireline hours (30 Hotline) as HEQB trainee
- 3 different evaluators from
- 3 separate incidents
- 2 fuel types

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

Fireline Hours = Actual time on fireline (mop up or patrol of an ongoing incident; not travel or off duty time in camp).

Hotline = Actual time on fireline **prior to containment** with active flame in the vicinity.

Twenty percent of the total required fireline hours (12 hours) may be from a controlled or prescribed fire project.

The Committee **strongly recommends** completing the classroom version of S-290.

The Committee **strongly recommends** completing S-234 & S-260 before requesting HEQB qualification.

STRIKE TEAM LEADER (STCR, STEN, STEQ)

Required Training

I-300 Intermediate ICS
IS-800b NRF: An Introduction
S-215 Fire Operations in the Wildland/Urban Interface
S-330 Task Force/Strike Team Leader
RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

L-380 Fireline Leadership
S-336 Tactical Decision Making in Wildland Fire

Fitness Rating

STCR Arduous
STEN Moderate
STEQ Moderate

Experience required before starting Strike Team Leader (STL) Task Book

120 Fireline hrs (60 Hotline) as a **qualified** Single Resource Boss in the equivalent STL Position to include the following assignments:

2 Type 1 or 2 or 3 Incidents
1 grass/desert/chaparral fuel type
1 timber fuel type
1 urban interface

Strike Team Leader Experience & Task Book Completion Requirements

120 Fireline hours (60 Hotline) as a Strike Team Leader **trainee**.
3 different evaluators from
3 separate incidents
2 fuel types

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

Fireline Hours = Actual time on fireline (mop up or patrol of an ongoing incident; not travel or off duty time in camp).

Hotline = Actual time on fireline **prior to containment** with active flame in the vicinity.

Twenty percent of the total required fireline hours (24 hours) may be from a controlled or prescribed fire project.

TASK FORCE LEADER (TFLD)

Required Training

- or**
- 20 Fireline hours (20 Hotline) as an ICT4
- &**
- 20 Fireline hours (20 Hotline) as a qualified STEN OR STCR
- &**
- 20 Fireline hours (20 Hotline) in a second Strike Team Leader position

DIVS Experience & Task Book Completion Requirements

- 120 Fireline (60 Hotline) hours as DIVS **trainee**
- 3 different evaluators from
- 3 separate incidents
- 1 urban interface Division

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

Fireline Hours = Actual time on fireline (mop up or patrol of an ongoing incident; not travel or off duty time in camp).

Hotline = Actual time on fireline **prior to containment** with active flame in the vicinity.

Twenty percent of the total required fireline hours may be from a controlled or prescribed fire project.

[Strong recommendation to get DIVS training as a Type 2 Team Trainee](#)

STRUCTURE PROTECTION SPECIALIST (STPS)

Required Training

RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

Hazardous Materials First Responder

Building Construction

Fitness Rating

Moderate

Experience required before starting STPS Task Book

Fully **qualified** as DIVS or ICT3

STPS Task Book Completion Requirements

2 different evaluators from

2 separate Type 1 or 2 Incidents with wildland/urban interface

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

INCIDENT COMMANDER TYPE 5 (ICT5)

Required Training

I-200 Basic ICS
S-131 Firefighter Type 1
S-133 Look Up, Look Down, Look Around
RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

S-211 Portable Pumps & Water Use
S-212 Wildland Fire Chain Saws

Fitness Rating

Arduous

Experience required before starting ICT5 Task Book

120 Fireline hours (60 Hotline) as a **qualified** FFT2 to include the following assignments:
2 Type 1, 2, or 3 Incidents
3 Type 4 or 5 Incidents
1 grass/desert/chaparral fuel type
1 timber fuel type
1 urban interface

ICT5 Task Book Completion Requirements

2 different Evaluators from
2 separate Type 5 wildland incidents

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

Fireline Hours = Actual time on fireline (mop up or patrol of an ongoing incident; not travel or off duty time in camp).

Hotline = Actual time on fireline **prior to containment** with active flame in the vicinity.

Twenty percent of the total required fireline hours may be from a controlled or prescribed fire project.

The ICT5 Position is not prerequisite to the Incident Commander Type 4 (ICT4) position.

INCIDENT COMMANDER TYPE 4 (ICT4)

Required Training

S-200 Initial Attack Incident Commander
RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

S-215 Fire Operations in the Wildland/Urban Interface
S-234 Ignition Operations

Fitness Rating

Arduous

Experience required before starting ICT4 Task Book

80 Fireline Hours (40 Hotline) as any **qualified** SRB to include the following assignments:

- 1 Type 1 or 2 Incidents
- 1 Type 3 Incident
- 1 Type 4 or 5 Incident
- 1 grass/desert/chaparral fuel type
- 1 timber fuel type
- 1 urban interface

ICT4 Experience & Task Book Completion Requirements

- *60 fireline hours (20 Hotline) as an ICT4 trainee
- 3 separate evaluators from
- 3 different incidents (2 must be Type 4 wildland incidents)
- 2 fuel types

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

Fireline Hours = Actual time on fireline (mop up or patrol of an ongoing incident; not travel or off duty time in camp).

Hotline = Actual time on fireline **prior to containment** with active flame in the vicinity.

*40% of the total required ICT4 trainee fireline hours (24) can be from a Type 4 equivalent Rx or All-Risk Incident

*60% of the total required ICT4 trainee fireline hours (36) must be from Wildland Assignments.

INCIDENT COMMANDER TYPE 3 (ICT3)

Required Training

S-300 Extended Attack Incident Commander
S-390 Introduction to Wildland Fire Behavior Calculations
RT-130 Annual Fireline Safety Refresher

Training Which Supports Development of Knowledge and Skills

L-381 Incident Leadership

Fitness Rating

Arduous

Experience required before starting ICT3 Task Book

60 combined fireline hours (30 Hotline) shared between **qualified** ICT4 and **qualified** TFLD
or

60 combined fireline hours (30 Hotline) shared between **qualified** ICT4 and any **qualified** Strike Team Leader position **and** must be **qualified** in 2 Single Resource Boss Positions (one must be CRWB or ENGB)

ICT3 Experience & Task Book Completion Requirements

120 fireline hours (60 Hot) as ICT3 trainee
3 different evaluators from
3 separate incidents (2 must be uncontained)
2 fuel types

NOTE: All Evaluators on wildland incidents must be qualified in the trainee position they are evaluating.

Fireline Hours = Actual time on fireline (mop up, patrol of an ongoing incident, not travel or off duty time in camp).
Hotline = Actual time on fireline **prior to containment** with active flame in the vicinity.
Twenty percent of the total required fireline hours may be from a controlled or prescribed fire project.

INCIDENT COMMANDER TYPE 1 (ICT1)

Required Training

RT-130 Annual Fireline Safety Refresher

S-520 Advanced Incident Management or CIMC Complex Incident Management
