September 2015

Development of this directory was supported by funding from the USDA Forest Service.

Forest restoration project on the Kaibab National Forest

In accordance with Federal Law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability. (Not all prohibited bases apply to all programs.) To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.
ACKNOWLEDGEMENTS

Special thanks are given to all the businesses that provided information for the directory. Bill Greenwood of the Northern Arizona Wood Products Association and Allen Ribelin of the Northern Arizona Loggers Association were also instrumental in guiding the content for the directory. The Arizona State Forestry Division would also like to acknowledge that funding for the development of this directory was made available by USDA Forest Service, Region 3 Office in Albuquerque, NM.

PREFACE

The purpose of this document is to help the public and industry professionals locate and make contact with firms that are part of the Arizona’s forest industries. While every effort was made to ensure the accuracy of the information presented, some items may have changed since the time this document has been published. This directory is an update of the forest products directory compiled in 2011 and 2014 by the Arizona State Forestry Division.

Arizona’s forest industries are comprised of many different firms and do play an important role in maintaining healthy forests and economic activity. In 2012 the gross domestic product of Arizona’s wood products manufacturing industries was calculated to be $175 million by the U.S. Bureau of Economic Analysis¹. Trade information for 2014, shows that Arizona’s wood product manufacturers exported $40 million of finished goods to twenty-two different countries².

DISCLAIMER

The Arizona State Forestry Division does not endorse or recommend any of the contractors listed herein. Nor is the Arizona State Forestry Division responsible for the results of quantity, quality, or professionalism of any work performed. Interested parties are strongly urged to ensure that the contractor chosen to do the work is properly insured, bonded, and licensed.

While a list of “Products Manufactured” is given for each company, the consumer is encouraged to contact the company for confirmation and investigation of additional services each company may provide. This directory is for informational purposes only and does not constitute a comprehensive listing.
